

# Community Harvest Hamilton

**New ideas, new directions, creative thinking to reach the ever important goal!**  
**End Hunger Now**

Hamilton Food Share has launched an exciting new program in conjunction with OAFB, **Community Harvest Hamilton**. This program will see HFS develop critical partnerships with local farmers to help end hunger. Change is a part of progress and in order to meet the needs of the hungry in our community the way we gather and source food is changing. HFS recognizes this and believes that unique programs like Community Harvest will address some of the substantial needs of the food banks and hot meal programs in our area.

It is an exciting time to be partnering with HFS and the benefits are bountiful and wide reaching.

Community Harvest will benefit the community in many ways

- Support local food banks and hot meal program immediately through increasing the quality and quantity of food
- Develop strong relationships with local farmers that will promote local agriculture and sustainability
- Play a leading role in finding creative solutions to food insecurity
- Move from being gleaners to include becoming food producers

## **Growing a Solution to Hunger**

Our local community will find many ways to participate including growing projects, gleaning sites and food donations.

Community Harvest Hamilton offer a variety of opportunities for farms, volunteer groups and HFS to work together to provide **Quality, Healthy food choices** to our neighbours in need!

What an amazing opportunity to be part of a program that is creating a solution, working together and addressing a serious need! Imagine being a part of the difference in the midst of difficult times..... we look forward to sharing more with you about Community Harvest and the incredible difference we can all make.
