

It's time to reform Social Assistance

Be part of the conversation!

The Provincial Government has appointed Frances Lankin and Munir A. Sheikh to review social assistance and recommend changes. Check out their website at www.socialassistancereview.ca and join us on July 4th in Hamilton for a conversation about what's needed to reform social assistance in Ontario. All community members, particularly individuals and families in receipt of Ontario Works and ODSP benefits need to be part of the dialogue.

Make your voice heard!

All community members are invited to participate in this public forum with the Commission for the Review of Social Assistance in Ontario hosted by the Hamilton Roundtable for Poverty Reduction and community partners.
